MR. RICHARD A. SHERR

Siretta Rauscher discusses post-graduation plans with Miss Witman, as do all students preparing for their careers.

Records and files on each student help Mr. Sherr to do the best possible job in helping us.

APPRECIATION

Miss Witman and Mr. Sherr, we of the 1961 Spartanus staff are proud to honor you for the help you have rendered to our students and our school.

You have been most willing to give your services and competent guidance to all who have sought your advice. The future lives of many of our students have been guided through your patience and understanding of their problems.

We would like you to accept this yearbook as a token of appreciation from the administration, faculty, and student body of our school.

NEW FACILITIES GIVE...

FOREWORD

We as the seniors of Garden Spot High School, are proud to be a part of a school that believes in continually progressing as the need arises. A business would soon cease to function if it did not rise to meet the demands of an ever-changing world. A government too, must constantly change as the people in it change. So, also, must a school. We cannot come to a standstill; but we must advance to parallel with the other modes of our society.

Garden Spot has been doing so in the past, and will, with its new facilities and added opportunities, continue to do so in the future. Recently a new course in agriculture has been added to the curriculum. This gives those boys interested in farming an opportunity to learn skills in this field. In addition to the agricultural course, other opportunities have been made available to our students. A new science course, Earth Science, is being offered for the first time this year. The language department has also been enlarged by the addition of Spanish. Not only has this improvement been made, but French, German and Spanish are now being offered in the ninth grade.

We have taken great strides in the field of athletics. This is our first year to have a wrestling team. We also have a Girls' Varsity Tennis Team and Girls' Varsity Basketball Team, something we have long hoped for.

We have been able to present more and varied assemblies which have been designed to add culture to our school life. Students have been participating in more field trips through which they come in actual contact with the things they are studying. We are learning to experiment by experience.

We hope in this yearbook to be able to show to you all phases of our school life, and our new facilities which have widened the opportunities for our students.

"New and Exciting Horizons . . ."

To the Class of 1961:

The publication of a school yearbook signifies that the end of a high school career is not far distant. It is a final thing, and despite one's wishes, cannot be relived. We would not want it so because new and exciting horizons beckon for you. To the seniors of 1961, we wish you Godspeed. But as you depart, do not do so with the feeling that school is ended. Garden Spot High School lives on despite the passing of classes. And you have had a part in its continuation. You have added to its growth and vigor, and your graduation paves the way for new classes to further its development. We are glad to have had you as students, proud to recognize you as graduates.

Very sincerely yours,
ROBERT P. SIMON,
Supervising Principal

"... A Desire to Serve His Fellowman"

During an individual's life, it is his responsibility to make a contribution to society. This contribution may be large or it may be small. The size is not important, but everyone is charged with this responsibility.

This desire to serve his fellow man should be in everyone's heart. The desire to make the other fellow happy produces one of the most joyous feelings within an individual's mind. If everyone could produce a little joy in his neighbor, the neighborhood, community, state, nation and the world would be a wonderful place in which to live.

For an individual to serve his fellow man, he must be an educated, pious, courteous, and an unselfish person. He must not be looking for big rewards from serving his fellowman. They do not come in a materialistic way. Most of the time one will not be able to find the reward at all. If a contribution to society is done for a reward, he will not receive the enjoyment that he would have had if the task would have been done unselfishly.

With this in mind, the school is here to train the individual so that he can make his contribution, big or small, to society.

Sincerely,
DONALD A. SHEAFFER,
Principal

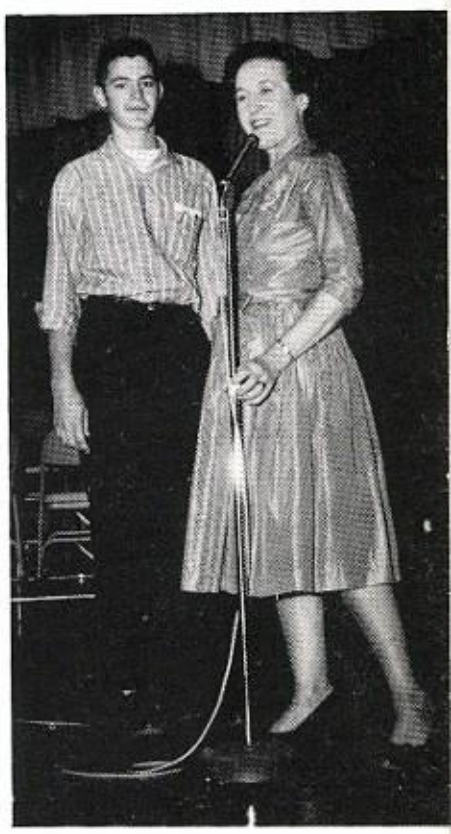
acking up a storm at one of the many dances.

Transportation to the soccer championship game was sponsored by the Student Council.

Virginia Sale in one of her character sketches, an outside assembly sponsored by the Council.

Audience participation.



Harry Peachey, Student Council president, gives Miss Sale an invitation to return.

Student Council is a democratic organization of students elected to serve as official representatives in all matters which concern the entire school. To foster school spirit and to promote the best interests of the school are the main purposes of Student Council.

Because of the increased facilities available this year, Student Council was able to sponsor several outside assemblies. These were Virginia Sale in her "Americana Character Sketches", Phil Betzold with "Denizens of the Deep", the Augspurgs and their "Jungle Wonders", and "Chief" Morgan demonstrating judo.

This year Student Council sponsored several dances, and they also introduced dancing during the lunch periods at school. For the first time this year the Council opened a school store in order to promote a better school spirit among the students. Bundle Week, another Council-sponsored project, also was a big success.

In addition to these things, Student Council assisted in standardizing the school jacket. They also sponsored buses to soccer and basketball games. All sports awards and other awards earned by students throughout the year were purchased by the Council.

Although the Junior and Senior High School have separate Councils, they co-operate by working together on many projects.

Brian Long, TAT editor, plans the layout for a future edition of the newspaper as Miss Ruth Witman, Advisor, looks on

Linda Siefred, Linda Shaffer and Donna Troop, TAT reporters, check their assignments for articles.

The Tell-A-Tower News, the school paper, is published eight times a year by the students of the Garden Spot High School. It is designed to cover all phases of school life in its news stories. The Tell-A-Tower is a charter member of the Columbia Scholastic Press Association and the Pennsylvania School Press Association. Each year these organizations judge thousands of newspapers throughout the United States on the basis of appearance, quality of paper used, clarity of type used and a countless number of other qualities sought in a good newspaper. The Tell-A-Tower holds a first place rating in both of these organizations. Membership on the staff is purely voluntary. Any student in grades nine through twelve is eligible to volunteer for the staff.

Mr. Russel Yost and other members of the TAT business staff look on as the officers glance over an issue of the newspaper.

Brian Long, newspaper editor, works on layout while Brenda Sprecher, Siretta Rauscher, Donald Sweigart, Carolyn Shenenberger and Harriet Becker, other editors, evaluate a previous edition.

Quill and Scroll

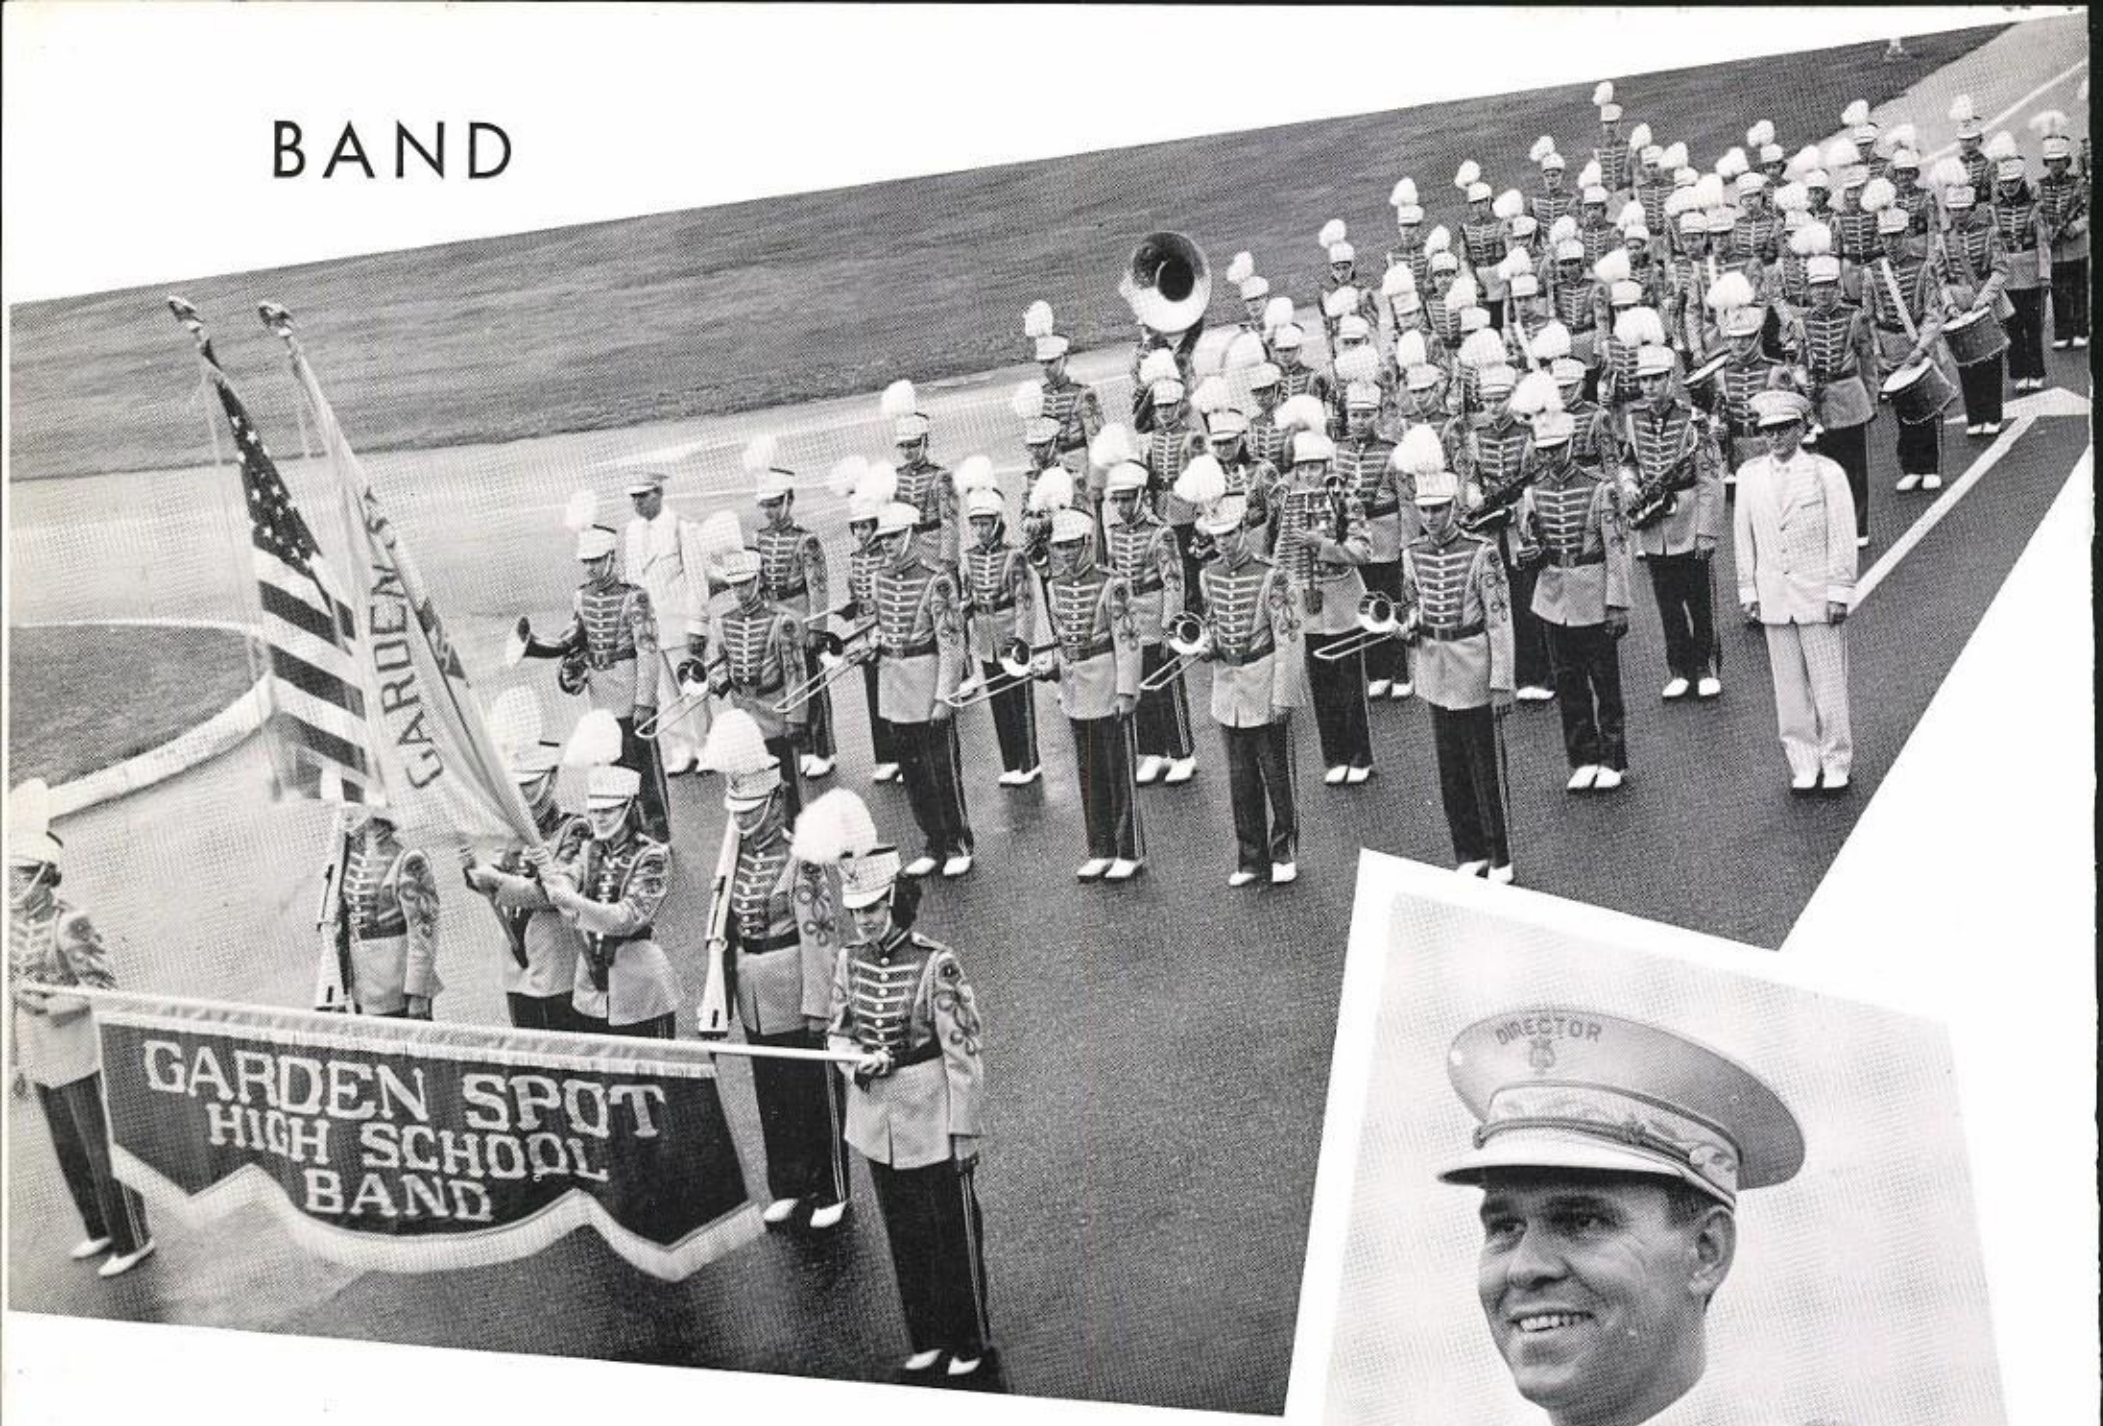
Quill and Scroll is an International Honorary Society for high school journalists. Its purpose is to encourage and reward individual achievement in journalism and allied fields.

To be eligible for membership a student must be at least a junior, good scholastic standing, must have done superior work in some phase of journalistic or creative endeavor, must be recommended by the advisor of publications and approved by the secretary of the National Quill and Scroll Society.

It is their task to handle all news releases from the school for all activities. Articles pertaining to school activities appear weekly in the New Holland Clarion as well as some articles in the Ephrata Review. Any event or activity requiring additional publication receives coverage in the Lancaster Newspapers.

Quill and Scroll members, Siretta Rauscher, Carolyn Shenenberger, Brenda Sprecher, Brian Long, Donald Sweigart, Donna Troop, Harriet Becker, Linda Seifred and Miss Ruth Witman proudly display the chapter charter.

BAND



BAND IN FORMATION.

The eighty members of the marching band have improved their techniques during the summer months and practices. This fact was proven by the winning of first prize in the Elizabethtown Parade.

The sixty-two members of the concert band should also be commended for their fine instrumental music of the concerts.

As an exchange assembly, our school band produced an assembly at Milton Hershey School. Our band traveled to Pitman, New Jersey, to play in the parade of the Band Masters' Convention. On May 5, 1961, the school and the community held their annual combined concert, the second Festival of Music.

Members of the band attended various festivals. The following attended both County and District Band: James Irons, cornet; Lee Bair, clarinet; Beverly Groff, clarinet; John Brubaker, trumpet. Those attending County Band were: Carolyn King, clarinet; Ann Futer, clarinet; William Sheaffer, clarinet; Lee Richwine, trombone; Ron Williams, trombone; Ralph Mentzer, trombone; Tom Leininger, tuba; Eileen Gingrich, baritone sax; Brenda Kilhefner, twirler.

In recognition of superior standings and achievements in school, community, and life by students, Garden Spot has established the new program, National Honor Society. The school feels that this is the greatest honor it can bestow upon any of its students.

Members were chosen not only for good grades, an average of 2.5, but also for their devotion to their school. They must maintain ship, Character, Service, Leadership, and Citizenship. Students were judged in these five principles by teachers and administration.

The first Induction of this society was held March 30, 1960. The Pequea High School Chapter conducted this service.

Our Senior High Chapter, in turn, inducted members into the Junior National Honor Society.

With the new school term, two more Induction Services were held for new members.
